Registration Dr. B. Sudheer Kumar
Venue Dr. C. Pradeep Chandra
Printing & Stationary Dr. P. Venugopal

Dear Colleague,

The age expectancy is increasing world wide and the incidence of hip fracture is also ever increasing. The management of complex hip in fractures is also advancing day by day, like Arthroplasty in trochanteric #, primary THR in fracture neck femur and revision Arthroplasty.

I believe this course will be a precious opportunity for the junior consultants to share the expertise knowledge of recent technologies and to promote the protocols of management of complex hip fractures.

In this context as a part of ongoing GOE programme we have intended to have a two day programme and also introduce a live surgery for the first time in a CME programme like this.

I have pleasure to inform that the all PG alumni of Department of Orthopaedics, Gandhi Medical College are invited for the alumni which is being held on 1st day evening.

This will be a memorable and enjoyable meeting. I look forward to welcome you to GOE – 2017 and request your participation in making this event a grand success.

Thanking you

Dr. B. Valya

Prof. & HOD of Orthopaedics
